CERTISPHERE · ISO/IEC 17021-1 CERTIFICATION CYCLE

From first enquiry to issued certificate

Every role, every handoff and every stage of the CertiSphere workflow on one map. Each row is a role; read left to right. Gold badges mark the 14 workflow stages the app tracks, and dashed orange lines show where work goes back for another round.

→ Handoff to the next step ⇢ Sent back / repeated (7) Workflow stage reached ◇ Decision point

Workflow map

CERTISPHERE · ISO/IEC 17021-1 CERTIFICATION CYCLE

From first enquiry to issued certificate

Every role, every handoff and every stage of the CertiSphere workflow on one map. Each row is a role; read left to right. Gold badges mark the 14 workflow stages the app tracks, and dashed orange lines show where work goes back for another round.

Step by step

1. ENQUIRY & REGISTRATION

01 Submit enquiry — Client (public) — Stage 1 · Pre-Registration
Screen: **Website enquiry form**

02 Review enquiry, send QCS application — Audit Coordinator
Screen: **Application → Client Enquiry**

03 Complete & submit application — Auditee — Stage 2 · Registration Submitted
Screen: **Pending Applications**

04 Approve client, assign coordinator — Management — Stage 3 · Coordinator Assigned
Screen: **Client Onboarding**

05 Review requirements & scope — Audit Coordinator — Stage 4 · Requirements Reviewed
Screen: **Audit Scope · Review Application**

2. PLANNING & SCHEDULING

06 Propose audit date — Audit Coordinator — Stage 5 · Schedule Proposed
Screen: **Schedule Requests · Smart Scheduler**

07 Assign Lead Auditor & Auditor — Audit Coordinator — Stage 6 · Assigned Auditors
Screen: **Auditor Assignment**

08 Approve audit date? — Auditee — Stage 7 · Schedule Approved by Auditee
Screen: **Schedule Approvals**
↺ Date declined → coordinator re-proposes

09 Confirm audit team — Lead Auditor — Stage 8 · Schedule Approved by Auditor
Screen: **Audit Schedules**

10 Confirm availability [Auditor]

Screen: Schedule Confirmations

3. AUDIT EXECUTION

11 Lead on-site audit [Lead Auditor] `Stage 9 · Audit In Progress`

Screen: Conduct Audit

12 Run checklist, gather evidence [Auditor]

Screen: Conduct Audit · Smart Checklist

13 Closing meeting [Lead Auditor] `Stage 10 · Audit Completed`

Screen: Conduct Audit

14 Record & release findings [Auditor] `Stage 11 · Audit findings`

Screen: Audit Report · Findings Categorization

4. CORRECTIVE ACTIONS & CERTIFICATION

15 Submit corrective actions [Auditee] `Stage 12 · Action items released to Auditor`

Screen: Audit Actions · Submit Report

16 Review corrective actions [Auditor]

Screen: Action Review

17 Accept actions? [Lead Auditor] `Stage 13 · Review and Approval by Auditor`

Screen: Action Approval

↺ Actions not sufficient → auditee reworks

18 Generate certificate [Audit Coordinator]

Screen: Audit Certifications

19 Approve certificate? [Management] `Stage 14 · Certification released`

Screen: Notifications · Approve & release

↺ Sent back by Management → audit team reviews again

20 Deliver certificate [Audit Coordinator]

Screen: Certificate Delivery

5. AFTER CERTIFICATION

21 **Track certificates & due dates** Client Coordinator

Screen: **Certifications · Due Date Tracker**

↻ Yearly surveillance & 3-year recertification → schedule next audit

Stage names match the CertiSphere app's 14-stage workflow tracker. The screen named under each step is where that role does the work.
